Statement of explanation of the reason why the public body is meeting electronically:

On March 10, 2020 the Governor of the State of Michigan declared a State of Emergency across the State of Michigan under section 1 of Article 5 of the Michigan Constitution of 1963, the Emergency Management Act, 1976 PA 390, as amended, MCL 30.401 – 421, and the Emergency Powers of the Governor Act of 1945, 1945 PA 302, as amended, MCL10.31 – 33. These sections provide the governor with broad powers and duties to cope with dangers to this state or to the people of the state.

As a part of the response to the emergency, the Governor has deemed it reasonable and necessary to temporarily suspend rules and procedures relating to physical presence at meetings and hearings of public bodies and other governmental entities in Michigan. These public bodies and entities must continue to conduct public business during this emergency.

**Online Zoom Meeting**

**1. CALL TO ORDER**

Chair Joe Elliott called the meeting to order at 7:02 p.m.

Present: Chair Elliott, Members Jim Burrows, Mike Devine, Mike Gowen, Ed Krol

Also present: City Commissioner Tony Sebastian, Community Development Director John Buzuvis, Assistant Community Development Director Greta Bolhuis

**2. CITIZENS COMMENTS**

There were no citizen comments.

**3. APPROVAL OF THE MEETING MINUTES**

Krol offered a motion, seconded by Burrows, to approve the minutes for the December 3, 2020 ZBA meeting. There was a roll call vote.

Yes: Burrows, Devine, Elliott, Gowen, Krol

MOTION PASSED 5-0

**4. APPROVAL OF THE AGENDA**

Burrows offered a motion, seconded by Krol, to approve the agenda for January 7, 2021. There was a roll call vote.

Yes: Burrows, Devine, Elliott, Gowen, Krol

MOTION PASSED 5-0

**5. ELECTION OF OFFICERS**

Devine nominated Elliott for the office of chair. There were no other nominations, and a roll call vote ensued.

Yes: Burrows, Devine, Elliott, Gowen, Krol

VOTE PASSED 5-0

Devine nominated Burrows for the office of vice chair. There were no other nominations, and a roll call vote ensued.

Yes: Burrows, Devine, Elliott, Gowen, Krol

VOTE PASSED 5-0

**6. OLD BUSINESS**

**a. Z 20-10: 606 Maple, use variance for habitable space in detached garage.**

***Citizen Comments***

There were no citizen comments.

***Board Comments***

Board members discussed their perception that the FAR ordinance and the definition of habitable space were unclear on this matter.

Devine offered a motion, seconded by Gowen, to approve the use variance for habitable space in a detached garage.

***Findings of Fact***

Surrounding properties are zoned such that this would be in keeping with the neighborhood zoning, making it a unique property.

The property cannot be used as a permitted use in that zone due to privacy concerns.

The problem is not self-created.

There was a roll call vote.

Yes: Devine, Gowen

No: Burrows, Elliott, Krol

MOTION FAILED 3-2

**b. Zoning Ordinance Interpretation: Sec. 78-21 – floor area ratio calculation and habitable space in a detached garage**

Krol offered a motion, seconded by Burrows, that the interpretation of habitable space in an accessory structure and the resulting FAR questions be interpreted by the Planning Commission at their earliest convenience.

There was a roll call vote.

Yes: Burrows, Devine, Elliott, Gowen, Krol

MOTION PASSED 5-0

**c. Z20-11: 933 Church, non-use variance for lot coverage, FAR, front yard setback and side yard setback – application withdrawn.**

**7. NEW BUSINESS**

**a. Z21-01: 107 N. Holbrook, non-use variance for rear lot coverage**

***Citizen Comments***

Kevin Postel, 1095 York, said he appreciated that the owner planned to restore the building. He asked whether the existing concrete pad would be used for the project, and the applicant said it would.

***Board Comments***

Members of the board also expressed appreciation for the owner restoring the building.

Burrows offered a motion, seconded by Krol, to approve a variance of 8% for rear yard lot coverage.

***Findings of Fact***

The site is unique in the area and backs up to a gas station.

The current garage is unusable.

The problem is not self-generated.

The project preserves a historical structure.

There was a roll call vote.

Yes: Burrows, Devine, Elliott, Gowen, Krol

MOTION PASSED 5-0

**b. Z21-02: 365 Joy, non-use variance for front yard setback**

***Citizen Comments***

The board received two emails commenting on the variance request.

Vicky Nicol, 337 Joy, wrote in favor of the variance.

Guy Cava, 958 Ross, wrote opposing the variance.

***Commissioner Comments***

Board members discussed the request and noted that the home on the site is non-conforming to the current front yard setback ordinance, and that the project is essentially an extension of the front porch.

Devine offered a motion, seconded by Krol, to approve a variance of 9.17 feet to the front yard setback for a front porch addition.

***Findings of Fact***

The existing home location prevents any additional porch addition.

***Conditions***

The variance only applies to a pergola or one story uncovered porch structure that does not contribute to lot coverage.

There was a roll call vote.

Yes: Burrows, Devine, Elliott, Gowen, Krol

MOTION PASSED 5-0

**8. COMMISSIONER COMMENTS**

Krol asked that items in future packets be labeled with the agenda number in the upper right corner.

Devine congratulated Elliott and Burrows for their election to office.

Burrows said other areas in the state are preparing to distribute the COVID-19 vaccine to level 1-B, and he is hopeful Wayne County will soon follow.

Elliott restated his desire to have the Planning Commission take up the topic of habitable space in accessory buildings as a 2021 goal.

**9. REPORTS AND CORRESPONDENCE**

Bolhuis congratulated Gowen for being appointed to a full member of the ZBA and thanked him for his time as an alternate member.

**10. ADJOURNMENT**

A motion to adjourn was offered at 9:07 p.m. by Krol and seconded by Devine.

There was a roll call vote.

Yes: Burrows, Elliott, Krol, Gowen, Silvers

MOTION PASSED 5-0

RE: Z21-01, 696 Forest, Non-Use Variance

Legacy Custom Builders, applicant, is requesting a non-use variance to a construct a new home and new front porch within the front yard setback along Linden. The property is approximately 50 feet wide and approximately 131 feet deep. The property is approximately 6,550 square feet and is zoned R-1, Single Family Residential.

Section 78-191 (o) states “The established front setbacks for structures [...] shall be at least 90 percent of the average front yard setback of surrounding buildings. [...] If the resulting setback is less than 15 feet, then the allowed setback shall be no less than the allowed setback average.” A variance of 1.6 feet is required for the front yard setback along Linden.

Section 78-43 (11) (a) states “To encourage locating garages at the rear of a lot, new single family residential projects that locate the garage in the rear, or retain an existing garage at the rear, may also locate a covered front porch in the front yard setback by up to four feet.” A variance of 2 feet is required for the front porch along Linden.

#### Three Basic Functions of the ZBA:

1. Interpreting the zoning ordinance (text and map) and nonconforming situations.
2. Deciding appeals on administrative decisions, special land uses, or PUDs.
3. Granting variance requests.

#### Standards for Dimensional (Non-Use) Variance: [Click here to see full ordinance language.](#)

1. Ordinance unreasonably prevents the owner from using the property for what it is zoned
2. Variance will do substantial justice to the applicant, and the surrounding community
3. Problem is due to the unique circumstances of the property
4. Problem is not self-created

A quorum (3 members) is required for approval of all non-use variance requests.

The Zoning Board of Appeals meets the first Thursday of each month at 7:00PM. The completed application and necessary/applicable plans must be filed with a fee of \$250.00 for single family projects or \$500.00 for multi-family and non-residential. Visit the City's website for submittal deadlines and meeting dates: [Zoning Board of Appeals](#). Ten (10) copies of the application and plans including but not limited to survey, plot map, building plans, and photos are encouraged at submittal.

The Zoning Board of Appeals will not accept incomplete applications. Signature of property owner and applicant, as well as notarization is required for every application. There are notaries located in City Hall. The Community Development Department has the right to remove an item from the agenda due to incompleteness.

**Article and Section of the Zoning Ordinance for which an appeal or variance is being requested:**

I (We) hereby appeal to the Zoning Board of Appeals for a variance to: Side lot setback

**Description of Property**

Current zoning classification: R-1

Current use of structure(s) on premises: Single Family Home

Is it a corner or interior lot? Corner

Size and area of lot: 50' x 131' approximate

Total square footage of existing main structure(s): 1100 approximate

Total square footage of accessory structure(s): 704

Existing lot coverage (percentage) of all buildings and structures: 27.5%

Height of existing main and/or accessory structures: 24'

**Description of Proposed Structures**

Dimensions and area of structure or addition to be constructed: 29' x 49' 6"

Front yard setback after completion (measured from property line): 22.9"

Rear yard setback after completion (measured from property line): 6.0' to the detached garage.

Side yard setback after completion (measured from property line): 12.4' & 6.0'

Height of proposed structure: 24'6"

Lot coverage (percentage) after completion: 31%

Residential Only: Floor Area Ratio (FAR) after completion (shall not exceed 0.4): .40

A scaled drawing or boundary survey depicting the above information.

Please answer all of the following questions as they relate to the dimensional variance, use additional sheets as necessary:

- 
- 
1. What are the practical difficulties preventing compliance with the ordinance? Are these practical difficulties an exception or unique to the property compared to other properties in the City? (NOTE: The ZBA cannot grant a variance because it is inconvenient or more expensive to build to ordinance or solely to satisfy aesthetic concerns.) The home behind 696 Forest, faces Linden St. creating a double front yard setback on the South side of the property. This creates a 25' wide building envelope which was not the case when the property was originally developed and built. The existing home has side yard setbacks of 6' and 8'.

---

---

  2. What effect will the variance have on neighboring properties? None, the variance requested is narrower than the existing structure.

---

---

  3. Is the practical difficulty which prevents you from complying with the ordinance self-imposed? How did the practical difficulty come about? (NOTE: The ZBA has generally found that purely aesthetic consideration and self-created hardships are unacceptable grounds for a variance.) The zoning ordinance creating the double front setback was created after the lot was platted.

---

---

  4. Why do the ordinance restrictions unreasonably prevent the owner from using the property for a permitted purpose? The double front setback creates a building envelope width too narrow for a reasonable home to be constructed. Lots adjacent of the same dimensions are not restricted with the same setbacks.

I hereby depose and say that all the above statements and the statements contained in the papers submitted herewith are true and correct:

Please label all addresses and front yard setbacks on a above picture.

What you need to do is get all the front yard setbacks within 200 ft. of your property and on the same side of the street. Add up all then divide by how many homes you used. Then multiply by .90. You must provide this information along with your building applications and plans.

\*\*Front yard property begins one foot in from the sidewalk.

\*\*\* If there is a porch on the home:

Covered porch: measure to the porch.

Uncovered porch: measure to the house foundation

\*\*\*\*There may be more or less homes in your equation than shown in the above picture depending on the width of lots in your area. Be sure to measure all setbacks within 200 ft. of your property.

Total sum of neighboring front yard setbacks = 132'

Total number of homes used = 5

Sum of setbacks divided by homes used = 26.4'

Then multiply this number by .90

**PROPOSED FRONT YARD SETBACK: 19'**      **The allowed front yard setback for your property = 23.76'**

**Excerpt from the City of Plymouth Ordinance:** The established front setbacks for structures within established R-1, RT-1, MU O-1 and O-2 zoning districts shall be at least 90 percent of the average front yard setback of surrounding buildings. The average setback and front building line shall be determined by examining existing buildings located on the same side of the street and within 200 feet of the subject parcel. If the resulting setback is less than 15 feet, then the allowed setback shall be no less than the allowed setback average. The building official may exclude structures used in calculating average front setbacks when the structures deviates by more than 25 feet forward or back from the average setbacks of other structures found within 200 ft.

(NOTE: The ZBA cannot grant a variance because it is inconvenient or more expensive to build to ordinance or solely to satisfy aesthetic concerns.) \_\_\_\_\_

Unable to create a functional front porch

2. What effect will the variance have on neighboring properties? \_\_\_\_\_

As one of the essential character features of Plymouth are front porches, this will add to the character of the neighborhood; and neighbor across the street just created a beautiful front porch; many houses on this street have front porches; (I have lived in three houses in this neighborhood already, a main reason being the front porches)

3. Is the practical difficulty which prevents you from complying with the ordinance self-imposed? How did the practical difficulty come about? (NOTE: The ZBA has generally found that purely aesthetic consideration and self-created hardships are unacceptable grounds for a variance.) \_\_\_\_\_

No.....not enough space at front of house to create porch

4. Why do the ordinance restrictions unreasonably prevent the owner from using the property for a permitted purpose? \_\_\_\_\_

Porch would not fit into the setback
