Statement on explanation of the reason why the public body is meeting electronically:

On March 10, 2020, the Governor of the State of Michigan declared a State of Emergency across the State of Michigan. As a part of the response to that emergency certain changes were deemed to be reasonable and necessary to protect the public health, safety, and welfare. Due to the on-going emergency situation the Michigan Department of Public Health and Human Services has recently made certain rules about gathering in groups of people. Further, the Michigan Legislature passed legislation to temporarily suspend certain rules, regulations and procedures related to the physical presence at meetings and hearings of public bodies and other governmental entities in Michigan. These public bodies and entities must continue to conduct public business during this emergency. Recently passed legislation has made it possible for public boards to meet electronically. Due to the Public Health declarations the City of Plymouth will have its Boards and Commissions meet electronically as permitted under the newly enacted law that is known as SB1108.
